

vSherpa Bubble Collagen 10,000 mg + Vitamin C tutti-frutti flavored sparkling drink powder

vSherpa Bubble Collagen + Vitamin C **sparkling drink powder** is a product that is not only tasty and refreshing, but also highly effective for the intake of collagen and vitamin C. In this drink powder, we offer **10,000 mg of collagen and 2,000 mg of vitamin C per day** .

Collagen plays **a** key role in maintaining the health of skin, hair and nails. But pay attention, most capsule collagen supplements only contain 1-2 g of collagen, while we put 10 g of collagen in your glass a day. This means that vSherpa Bubble Collagen + Vitamin C sparkling drink powder helps to intensively support the skin's hydration, elasticity and youthful appearance.

Vitamin **C** is a strong antioxidant, which contributes to strengthening the immune system and increasing the body's ability to defend itself. It also helps collagen production, so together with collagen it can help maintain healthy skin and nails.

The drink powder is easy to prepare: simply mix it in a glass of water, and it turns into a refreshing, carbonated drink in a few moments. And the **tutti-frutti flavor** will immediately become one of your favorites. So you can easily enjoy a healthy and delicious drink every day, while taking care of the beauty and health of your body.

vSherpa Bubble Collagen + Vitamin C sparkling drink powder dissolves easily in a glass of water and instantly turns it into a delicious, carbonated drink. So you can enjoy the refreshing tutti-frutti taste every day, while taking care of the health of your skin and your whole body.

Active ingredients

16 g in drink powder, which is the daily recommended amount:
